#### ATTACHMENT NO. 1\*

### SUGGESTED FINDINGS AND CONDITIONS OF APPROVAL

#### CONDITIONAL USE PERMIT NO. 05-15

##### SUGGESTED FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 05-15:

1. Conditional Use Permit No. 05-15 for the establishment, maintenance and operation of 42 condominium units on 11 separate properties will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood. Based upon the conditions imposed the exterior of the units will be in good condition, any construction performed without permits or any significant health and safety violations will be remedied, minimum construction standards will be met, CC&Rs with a surveyor or engineer prepared map will be submitted, and affordable housing in-lieu fee will be paid.
2. The conditional use permit will be compatible with surrounding uses because all of the subject properties are located within residential districts and are surrounded by other multi-family or single-family units.
3. The proposed conditional use permit for 42 condominium units on 11 properties will comply with the provisions of the base district and other applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance. In addition, each project will comply with any specific condition required in the settlement agreement.

4. The granting of the conditional use permit will not adversely affect the General Plan. It is consistent with the Land Use Element designations of Medium High and Medium Density Residential on the various subject properties. In addition, it is consistent with the following goals and policies of the General Plan:

A. Land Use Element

Policy LU 4.2.1: Require that all structures be constructed in accordance with the requirements of the City's building and other pertinent codes and regulations; including new, adaptively re-used, and renovated buildings.

Policy LU 8.1.1: Accommodate land use development in accordance with the patterns and distribution of use and density depicted on the Land Use Plan Map, in accordance with the appropriate principles.

B. Housing Element

Policy H 3.1.1: Encourage the provision and continued availability of a range of housing types throughout the community, with variety in the number of rooms and level of amenities.

The subject residential properties vary from tri-plexes to four-plexes and are located throughout the City. Four of the eleven total project sites are zoned and General Planned for Medium High Density Residential while the remaining seven properties carry Medium Density Residential zoning and land use designations. The units represent a variety of unit types with various floor plans and amenities. An affordable housing in-lieu fee will be submitted for each project.

The City Council finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to section 15303 of the CEQA Guidelines, because new construction or conversion of up to six multi-family units at one project site are exempt.

SUGGESTED CONDITIONS OF APPROVAL - CONDITIONAL USE PERMIT NO. 05-15:

1. Conditional Use Permit No. 05-15 will become effective at each individual property in accordance with the approved settlement agreement.

**(City Council) Directed Staff to Prepare an Ordinance Amending Chapters 204 and 212 of the Huntington Beach Zoning and Subdivision Ordinance to Prohibit Medical Marijuana Dispensaries (Ordinance 3703 was Adopted March 21, 2005) (120.90)**

The City Council considered a communication from Councilmember Coerper transmitting the following **Statement of Issue**: Earlier this year there were several meetings with city staff and members of the City Council exploring whether or not the city of Huntington Beach should permit medical marijuana dispensaries in the city of Huntington Beach consistent with the Compassionate Use Act (Proposition 215). In March of this year, Council adopted Ordinance No. 3703, which permits medical marijuana dispensaries in specified locations. At the time of adoption of the ordinance, a Supreme Court decision was still pending in a case that challenged the applicability of Proposition 215 as it relates to the Federal Controlled Substances Act.

In June 2005, the Supreme Court of the United States issued its opinion in *Gonzalez v. Raich*, which upholds enforcement of the Federal Controlled Substances Act. In other words, possession of marijuana is still a federal crime.

In view of this decision of the Supreme Court, the city should process a zoning text amendment to disallow for uses that are in violation of federal law. For the city to continue to allow medical marijuana dispensaries could be viewed by federal authorities as aiding or abetting the commission of a felony or conspiracy to violate the law.

Councilmember Coerper reported orally and asked for an update on the ordinance. City Attorney Jennifer McGrath and Police Chief Ken Small reported on the local ordinance as it relates to state and federal legislation.

Council discussion followed regarding the state initiative process and the process of modifying the City's zoning code by ordinance.

Councilmember Cook stated reasons for opposing the recommended action, including the benefits offered by the medicine and faulty reasoning to prohibit its use.

Councilmember Hansen stated his support for the recommended action, citing unintended results of Proposition 215.

Councilmember Bohr inquired if any applications for dispensaries were currently in process. Planning Director Howard Zelefsky responded, stating that there are currently no applications pending, and that one application was denied.

Mayor Hardy stated reasons for opposing the recommended action, including the uses of marijuana as a medicine and her opposition to banning of medicines in Huntington Beach.

A motion was made by Coerper, second Green to direct staff to prepare an ordinance amending Chapters 204.10 and 212.04 to prohibit medical marijuana dispensaries in the city of Huntington Beach. The motion carried by the following roll call vote:

AYES: Hansen, Coerper, Sullivan, Green

NOES: Hardy, Bohr, Cook
